1. Answer in one word: (1x5=5)

- a) Name the largest bird.-Ostrich
- b) Name a bird who stitches two leaves with its beak to build a nest.-Tailor bird
- c) Which part is called the kitchen of the plant?-Leaf
- d) Which part holds the plant firmly to the soil?-Root
- e) Many holes on the lower surface of the leaves.-Stomata

2. Write true or false after each sentence: (1x5=5)

- a) The speed of light is less than one hundred millionth of a second.-True
- b) We can always see through a opaque object.-False
- c) We can see sound.-False
- d) Eagle is a flesh eating animal.-True
- e) Duck has webbed feet.-True

3. Circle the correct option: (1x5=5)

- a) Always walk on the road / footpath
- b) We should stop the car when the light is yellow / red
- c) Sound of an owl is called bark / hoot.
- d) Sound of a duck is called roar / quack
- e) Luminous object gives light / does not give light.

4. Match the column: (1x5=5)

- | | |
|---------------|--|
| a) Light beam | a loud sound (b) |
| b) Noise | soft and beautiful part of a plant (c) |
| c) Petal | to produce young ones (d) |
| d) Reproduce | has seeds inside them (e) |
| e) Fruits | a ray of light (a) |

SECTION - B (25 marks)

5. Answer the following in brief :

- a) List any three safety rules you must follow at home. (3)

Ans. The children can write any three safety rules.

The three safety rules we must follow at home are.

- We should not touch electric wires and sockets.
- We should not use knives and blades.
- We should not try to repair everything.
- We should stay away from gas stove.

b) Draw three transparent objects. (3)

Ans. The children will draw any three transparent objects.

c) List any three sounds in nature. (3)

Ans. The children can write any three sounds in nature.

- Rustling of the leaves
- Thunder
- Crackling of fire
- Pitter-patter of the rain

d) What is source of light? Name a natural source of light. (2+1=3)

Ans. Anything that gives out light and helps us to see is called source of light. Sun is a natural source of light

e) How do we communicate with each other. (3)

Ans. We communicate with each other by talking. People all over the world talk in various languages. All these languages are made of different sounds.

f) What are down feathers? Name any two birds that cannot fly. (2+2)

Ans. The soft, small, fluffy feathers all over the body of a bird are called down feathers. Examples of birds that cannot fly Penguin, Kiwi and Ostrich.
